

**OSISKO METALS ANNOUNCES CLOSING OF \$8 MILLION “BOUGHT DEAL”  
FINANCING OF FLOW-THROUGH SHARES**

(Montréal, Québec – September 20, 2017) Osisko Metals Incorporated (the “Company” or “Osisko Metals”) (TSX-V:OM; FRANKFURT: OB5) is pleased to announce that it has closed its previously announced "bought deal" private placement of 4,211,000 common shares of the Corporation that will qualify as "flow-through shares" (within the meaning of subsection 66 (15) of the Income Tax Act (Canada) ("Flow-Through Shares") at a price of \$1.90 per Flow-Through Share for aggregate gross proceeds of \$8,000,900 (the "Offering").

The Offering was led by Canaccord Genuity Corp. on behalf of a syndicate of underwriters that included BMO Nesbitt Burns Inc., National Bank Financial Inc., Beacon Securities Limited, Cormark Securities Inc., Desjardins Securities Inc. and Paradigm Capital Inc. (collectively, the "Underwriters"). In connection with the Offering, the Corporation paid the Underwriters a cash commission equal to 5.0% of the gross proceeds of the Offering, provided, however, that no cash commission was payable to the Underwriters on proceeds from any Flow-Through Shares purchased by Osisko Gold Royalties Ltd and Osisko Mining Inc.

The following "insiders" of the Corporation have subscribed for Flow-Through Shares under the Offering:

Insider	Insider Relationship	Flow-Through Shares Purchased (#)	Subscription Amount (\$)
Osisko Gold Royalties	10% Security Holder	590,000	\$1,121,000
Robert Wares	Director of Osisko Metals	50,400	\$95,760
	Totals	640,400	\$1,216,760

Each subscription by an "insider" is considered to be a "related party transaction" for purposes of Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions ("MI 61-101") and Policy 5.9 - Protection of Minority Security Holders in Special Transactions of the TSX Venture Exchange. Pursuant to MI 61-101, the Corporation has filed a material change report providing disclosure in relation to each "related party transaction" on SEDAR under Osisko Metals' issuer profile at [www.sedar.com](http://www.sedar.com). The Corporation did not file the material change report more than 21 days before the expected closing date of the Offering as the details of the Offering and the participation therein by each "related party" of the Corporation were not settled until shortly prior to the closing of the Offering, and the Corporation wished to close the Offering on an expedited basis for sound business reasons. The Corporation is relying on exemptions from the formal valuation and minority shareholder approval requirements available under MI 61-101. The Corporation is exempt from the formal valuation

requirement in section 5.4 of MI 61-101 in reliance on sections 5.5(a) and (b) of MI 61-101 as the fair market value of the transaction, insofar as it involves interested parties, is not more than the 25% of the Corporation's market capitalization, and no securities of the Corporation are listed or quoted for trading on prescribed stock exchanges or stock markets. Additionally, the Corporation is exempt from minority shareholder approval requirement in section 5.6 of MI 61-101 in reliance on section 5.7(b) as the fair market value of the transaction, insofar as it involves interested parties, is not more than the 25% of the Corporation's market capitalization.

The gross proceeds from the Offering will be used by the Corporation to fund "Canadian exploration expenses" (within the meaning of the Income Tax Act (Canada)).

All securities issued under the Offering are subject to a four month hold period which will expire January 21, 2018. The Offering is subject to final acceptance of the TSX Venture Exchange. **The securities offered have not been registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This press release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any State in which such offer, solicitation or sale would be unlawful.**

### **About Osisko Metals**

**Osisko Metals** is a Canadian base metal exploration and development company creating value in base metals with an emphasis on the zinc space. In 2017, the Company acquired over 50,000 hectares in the Bathurst Mining Camp ("BMC"). The objective is to develop a multi-deposit asset base that would feed a central concentrator. In parallel, Osisko Metals is monitoring several base metal oriented peers for projects hosting zinc, copper, and nickel for acquisition opportunities. In Québec, the Company acquired 42,000 hectares that cover 12 grass-root zinc targets that will be selectively advanced through exploration. Osisko Gold Royalties Ltd. (TSX/NYSE: OR) and Osisko Mining Inc. (TSX: OSK) are significant shareholders of the Company.
